Heavy Duty

Heavy-duty TIG welding gloves, combining thermal hand protection with dexterous tactility

- **Specialized protection:** ActivArm® 43-217 work gloves satisfy EN 12477 Type B standards, ensuring effective protection from heat, flames, sparks and weld spatter and making them ideal for welding and thermal applications, as well as grinding, brazing, metal fabrication and maintenance
- **Enhanced features:** Their long-split cowhide cuff offers additional forearm and wrist protection, while a three-dimensional thumb design grants wearers greater dexterity, for safer, more precise welding gloves
- **Improved durability:** ActivArm® 43-217 safety gloves' premium full-grain goatskin, welted seams and para-aramid thread also enhance their durability and wear life

Industries

- Machinery and Equipment
- Automotive
- Oil and gas
- Utilities

Applications

- Grinding
- Welding
- Brazing
- Metal Fabrication
- Maintenance
- Welding, bonding, riveting
- Equipment repair & maintenance
- Metalworking & assembly operations

Key Features

- **EN 12477 Type B compliance:** Superb welding* and thermal** capabilities
- **Three-dimensional thumb design:** For highly precise welding gloves
- **Premium full-grain goatskin and welted seams:** Heightened durability
*suitable for TIG welding, as well as grinding, brazing, metal fabrication and maintenance
**protection from heat, flames, sparks and weld spatter

Performance Standards & Regulatory Compliance

REACH Compliant
